

PID 81/63
2 July 1963

MEMORANDUM FOR THE RECORD**TO:** The Director, WPIC**FROM:** Chief, CIA/PID(WPIC)**SUBJECT:** Accommodation of DD/I Analysts in Building 213
During 9056 OAK

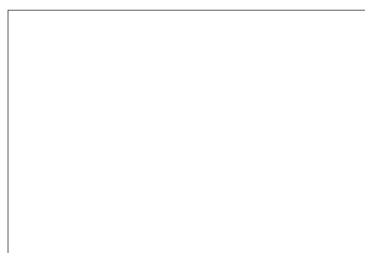

1. [] of OCI met with Chief/PID on 1 July concerning the accommodation of DD/I analysts at Building 213 during the OAK on 9056. Subsequently, [] recommendations were presented to you for your consideration. The following is a summary of the approved working arrangements:

A. The arrangements are for 9056 only, as requested by [] and will be the basis for working arrangements to be recommended for future OAKs.

B. [] will serve as the DD/I Coordinator of all DD/I analysts involved at Building 213. [] will serve as [] alternate.

C. As directed by [] his primary working group will consist of himself and [] Only [] are scheduled to attend the pre-OAK briefing at 1500, 3 July. Material [] wishes to see covered in the pre-OAK briefing should be submitted in advance to [] Chief, OSD.

D. DD/I liaison officers having access to the OAK working area, in addition to [] or his alternate, are as follows:

E. The DD/I analysts named above will headquarter in the PID area in room 3N121C, black phones [] and gray phones [] DD/I liaison officers should spend

a minimum of time in the FID area in order that OAK production is not delayed. Every possible assistance will be supplied by FID including FI support, typist and secretarial help, copies of photographic work prints, briefing boards, slides and vu-graphs as available, etc.

F. During the period of briefing board selection and preparation, [] will be kept informed as to what boards are being prepared and pertinent data on each board, e.g., increase in ICBM launch positions, etc. As stated by [] it is not necessary that the boards be seen but it is necessary to know in advance what will be covered in briefings scheduled for the DCI to enable headquarters personnel who attend the DCI briefings to be prepared to answer questions directed to them. Prior to the briefing of the DCI, [] will relay pertinent data to headquarters personnel by gray phone.

50X1

50X1

G. [] will supervise the preparation of the DCI paper on each OAK issue (in collaboration with other DD/I elements). During this phase, he may wish to call in other analysts from headquarters for work in the FID area of building 213. The FID briefing room and necessary personnel will be provided as required.

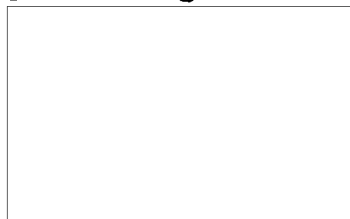

50X1

H. Any CIA analytical support requested by FID area photo interpreters will be requested through []

50X1

I. For 90% FID will continue to furnish one or more photo interpreters to headquarters with each daily OAK, to assist DD/I analysts as required. The photo interpreter(s) will be on hand in room 6025 (Headquarters) each morning.
